Try Before You Buy, Limited Time Offer!

We know you will love the new SmartGlow™ DNA stain, and we're willing to send out **FREE SAMPLES** to prove it. We'll even cover the shipping cost!

Benchmark's new Accuris SmartGlow DNA stain is receiving rave reviews from customers:

"We've been looking for an economical alternative to hazardous EtBr. The SmartGlow worked great, and is easy to dispose of."

"The SmartGlow PS (pre stain) works just like EtBr – just add a little bit to the gel mixture. I used my UV transilluminator and the stained bands were very clear."
