

LLS QUICK VIEW · BENCHMARK SCIENTIFIC

QuickSilver Tris-Glycine-SDS Buffer Powder, 50 Pouches

SKU EB1100 · Life Science · Gel Electrophoresis

The EB1100 is the Tris-Glycine-SDS (TGS) buffer powder in the Accuris QuickSilver Powdered Buffer Pack family — sold as 50 pre-measured pouches, each

TECHNICAL SPECIFICATIONS

CAPACITY

50 pouches per box

1× FORMULATION

25 mM Tris, 192 mM Glycine, 0.1 % SDS

QUALITY / HANDLING

Nuclease-free, protease-free, shelf-stable; preprinted ID...

BEST FIT

Routine SDS-PAGE workflows across the full protein-MW...

TYPE

Tris-Glycine-SDS (TGS) buffer powder, pre-measured pouches

PER-POUCH YIELD

1 L of 1× working buffer (each pouch = 1 L)

WORKFLOW APPLICATION

SDS-PAGE protein electrophoresis — running buffer

LIST PRICE

\$202.34
