Accuris High Sensitivity dsDNA Quantification Kit, 100 Assays

SKU F1000-HS-100 · Analytical & Weighing · Fluorometers

The F1000-HS-100 is the 100-assay Accuris High Sensitivity dsDNA Quantification Kit — the low-concentration variant of the F1000 dsDNA quantification

TECHNICAL SPECIFICATIONS

CAPACITY

100 assays

FORMAT

Standard concentrate (operator dilutes to working...

PER-ASSAY COST

~\$1.35

LIST PRICE

\$135.24

TYPE

Fluorometric quantification kit — High Sensitivity dsDNA

ASSAY RANGE

High Sensitivity — typically 0.005–10 ng/μL dsDNA input...

1X PRE-DILUTED VARIANT

F1000-HS1-100
