Accuris High Sensitivity RNA Quantification Kit, 100 Assays

SKU F1000-RHS-100 · Reagents & Kits · DNA/RNA Quantification Kits

The F1000-RHS-100 is the 100-assay Accuris High Sensitivity RNA Quantification Kit — the low-input RNA chemistry in the F1000 fluorometric family.

TECHNICAL SPECIFICATIONS

CAPACITY

100 assays

PER-ASSAY COST

~\$1.35

SAMPLE TYPE

RNA (RNA-specific dye chemistry — does not bind dsDNA)

LIST PRICE

\$135.24

TYPE

Fluorometric quantification kit — High Sensitivity RNA

FORMAT

Standard concentrate

ASSAY RANGE

High Sensitivity — low-input RNA concentration range
